AFRE Presentation to MSU Graduate School

These historical photos of Chittenden Hall are a gift to the MSU Graduate School from the Robert D. Stevens family, and the Department of Agricultural, Food, and Resource Economics. These are given in memory of hundreds of Agricultural Economics graduate students and selected faculty who benefited from office locations and rich personal learning experiences in Chittenden Hall from 1966 through 1999. Farmer and Consumer Marketing Programs, joint initiatives of the Department of Agricultural Economics and the MSU Cooperative Extension Service also had offices for many years in Chittenden Hall.

These photos are from archival materials of Professor Emeritus Robert D. Stevens, which after his passing in July of 2014, were processed by the Department of Agricultural, Food, and Resource Economics (AFRE) at Michigan State University. Professor Stevens worked in the Department for over 26 years (1964 -1990) mentoring and teaching many of the graduate students who long remember and cherish the memories of the deep-rooted intellectual and friendship environments arising from sharing office space in Chittenden Hall. The photo matting and framing was done by AFRE Professor Emeritus Michael T. Weber using Zambian rosewood. Nov. - 2014.

- Program -

Symposium on AFRE’s History

Atrium – Morrill Hall of Agriculture

May 15, 2015 (1:15 pm – 2:30 pm)

Farm Lane looking North over Red Cedar River Bridge - 1920
Program – Symposium on AFRE’s History
