AFRE Students Receive Competitive CANR Alumni Association Scholarships

Exciting AFRE Undergraduate Student news - each year the CANR Alumni Association awards eight $3,000 scholarships to CANR juniors. This year, five of the eight scholarships went to students in AFRE! These students were chosen based on their leadership, community service, communication skills, academic and professional commitment to their program of study, and overall academic and non-academic pursuits and goals. It is with great pleasure that AFRE highlights that the following AFRE students were recognized for their personal and professional accomplishments with the ANR Alumni Association Scholarship.
