Farewell Dinner in  
by the Project Leader Director*

Seoul, Korea  
March 18, 1972

Dear Karl and Peg:

At this farewell party for you at the USOM Club in Seoul, your KASS associates and their families want to express our thanks and best wishes.

Our thanks are for many hours of hard, competent, diligent and reliable work rendered with dignity in a kindly helpful manner. Our thanks also go to Peg as your wife and helpmate whose open house before dinner symbolizes the many friendly, helpful things she has done to make life more pleasant.

Our best wishes are for your trip home and a well earned vacation "down under". We wish you good health, renewed friendships in Okinawa, Taiwan, Australia and New Zealand. We want you to enjoy this trip which has been delayed twice in the interests of the project.

We are also mindful that this is Karl's retirement year from the Department of Agricultural Economics. We are proud that we can say that Karl's performance on this project is the equal or better than that of any other member of the team and that it is typical of his long service to Michigan State University.

We wish you God speed with respect and affection.
